**About The Mark**

The Mark is Canada's daily online forum for news commentary and debate. It is founded on the idea that thousands of credible Canadians, here and abroad, have important things to say but cannot reach a national audience. For these Canadians, The Mark is their platform. *The Mark* is unique in that its content is written by a hand-picked community of experts and not by journalists or professional writers. It publishes high-quality original written, audio and video content for distribution through the web, print, radio, television and live events.
